In the Winter,

The orphans,
sleep on carpets,
hoping the carpets can shield
them from the freezing ground.

Frost-bite and cold are what
they always wake up with ...

Our Dream, our Hope, and our Pledge

Please help us raise enough funds to build
this house.

Help us raise \$65000 by September to build a permanent house for the orphans this winter

Dear Friends,

Thank you for your past supports to our Foundation in helping the orphans and elders in Eastern Tibet.

Two years ago, with your generous donations, we were able to raise enough funds to purchase the 13 room building and established the AWAM Hospital for the orphans as well as for the locals. The AWAM Hospital not only provides healthcare services to the locals, but also is used to train doctors and nurses who will go out to serve neighboring communities when the training completes. We are happy to see the Hospital is benefiting the Eastern Tibet people beyond our original expectations, and are proud to be part of this wonderful deed.

Today, we are asking for your help on another humanity project: **Building a permanent house for the 140+ orphans at the orphanage.**

It may be difficult for us, who live in the West, to imagine how life would be in a tent without heating or a goose down blanket in the freezing winter. But that's the reality for the orphans. In the harsh Tibet winter, the only shelter they have is a simple Tibetan tent, with no heating, no protection from the elements. Frost-bite and cold are what they always get under such dire living condition.

To alleviate their sufferings, we are trying to raise \$65000 in the next three months so that we can team up with a local builder to complete a 24-room building before the coming winter for the orphans.

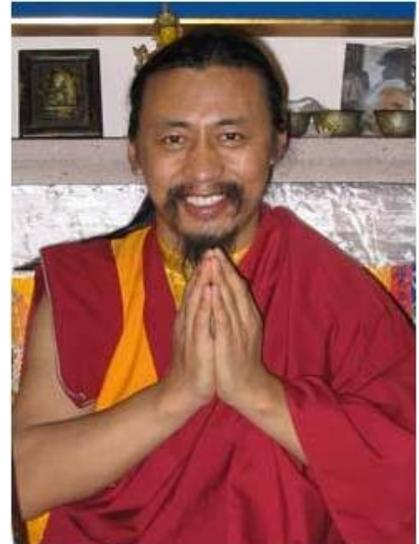

To tell the truth, we are not confident that we can reach the goal, since we are a very small organization and we are not professional fund-raisers. However, the thought of the orphans shivering in the freezing snow for another winter is so unbearable and we just couldn't sit there and not trying to do something to help them.

Such is our dream, our hope, with this pledge, with your help, another wonderful deed will be achieved.
Such is our prayer.

May all beings benefit.

Blessings,
AWAM Foundation
